

A local board of health supports public health by leading the effort to prevent disease and improve health in the community. This includes physical, mental, and environmental health.

Promoting and protecting the health of the public depends upon capable and dedicated community leadership by the local Board of Health.

CORE FUNCTIONS AND ESSENTIAL SERVICES OF A LOCAL BOARD OF HEALTH

Assessment:

- Monitor health status of the community to identify health problems.
- Diagnose and investigate health problems and health hazards in the community.
- Evaluate effectiveness, accessibility, and quality of personal and population-based health services.

Policy Development:

- Develop policies and plans that support individual and community health efforts.
- Enforce laws and regulations that protect health and ensure safety.
- Research for new insights and innovative solutions to health problems.

Assurance:

- Inform, educate and empower people about health issues.
- Mobilize community partnerships to identify and solve problems.
- Link people to needed personal health services and assure provision of health care when otherwise unavailable.
- Assure a competent public health and personal health care workforce.

ROLES AND RESPONSIBILITIES OF MEMBERS

Support the vision and mission of public health.

- **MISSION:** Healthy Iowans living in a healthy environment.
- **VISION:** Promoting and protecting the health of Iowans.

Communicate with your community.
